Dear Dr. Bilchik,

Congratulations! You have been selected by your peers to the 2017 – 2018 Best Doctors in America® List as the result of our extensive, impartial, peer-review poll of physicians nationwide. Being named a Best Doctor is a singular honor recognizing the approximately four percent of U.S. doctors from whom other doctors would seek care. Only those who earn the consensus support of fellow physicians are included. Best Doctors never accepts compensation of any kind from physicians or their organizations for inclusion, nor do we pay physicians to participate in the poll.

As a Best Doctors physician, you are eligible for many exclusive benefits. See the enclosed brochure for full descriptions and how to access them. Most importantly, you have the opportunity to:

- Provide virtual medical reviews for people worldwide seeking expert guidance as they face serious illnesses. You can do the work you enjoy most – thinking about challenging cases, and utilizing your knowledge and experience to provide guidance about diagnosis and treatment– but with the convenience of online work without administrative burden. Our experts have the satisfaction of meaningfully helping people while they earn honoraria and CME credits.
- Nominate others and vote in the next poll, to be conducted in late 2018 to select the 2019 - 2020 List.
- Display your achievement with a commemorative item in your office or waiting room.
- Promote your Best Doctors status and practice with a website seal or a press release template.
- Request a referral list for personal or professional use.

New this year—you will be able to update your **Professional Profile** online. We will email you a link and login information in the next few weeks. Please contact us immediately at profiles@bestdoctors.com if the email address below* has changed.

It is important that we have your current, complete contact information to invite you to participate in our poll, list your clinical location correctly in regional publications and match your strengths, interests and expertise to the members who need them.

Please contact our research office with questions or comments at research@bestdoctors.com or 800-675-1199. Certainly let us know if you would be interested in performing case consultations. Once again, our congratulations to you on your exceptional achievement and being a member of this prestigious community of doctors.

Sincerely,

David Harrison, MD
